UIT hosts an eventful ACM Karachi Student Congress 2016

KARACHI (TARIQ REPORT)

A very dynamic and activity-filled day was observed on Saturday at Usman Institute of Technology, Pakistan's premium technology institution, where the ACM Karachi Student Congress 2016 (AKSC '16) was held with great fervor.

A collaboration between Association of Computing Machinery (ACM), the world's largest educational and scientific computing society, and UIT Computing Society (UITCS), an active student chapter of the ACM, the event featured various workshops, competitions and seminars encompassing digital technology, cybersecurity, engineering ethics, games/app development and more.

Mr. Mohammed Ebrahim Hasham, CEO, Mehran Sugar Mills Ltd. attended the event as the Chief Guest. Also present on the occasion were Dr. Zahir A. Syed, Director UIT, and others from the institute's top management. Students and academics of UIT and other technology institutes of Karachi were also present at the event in big numbers.

UIT hosts ACM Student Congress

KARACHI: A very dynamic and activity-filled day was observed at the Usman Institute of Technology (UIT), a premium technology institution, where the ACM Karachi Student Congress 2016 (AKSC '16) was held with great fervour.

A collaboration between the Association of Computing Machinery (ACM), the world's largest educational and scientific computing society, and UIT Computing Society (UITCS), an active student chapter of the ACM, the event featured various workshops, competitions and seminars encompassing digital technology, cyber security, engineering ethics, games/app development and more.

Mehran Sugar Mills CDO Mohammed Ebrahim Hasham attended the event as the chief guest. Also present on the occasion were UIT Director Dr Zahir A Syed and others from the institute's top management. Students and academics of UIT and other technology institutes were also present at the event in large numbers. The daylong event was inaugurated by Dr Zahir A Syed, followed by a welcome speech by Mohammed Ebrahim Hasham.

The activities that ensued included three workshops on app, game and web development, five competitions about programming, innovation, ethics and video games, and two seminars on cybersecurity and engineering projects & community service. All activities were moderated by the leaders in their respective industries.

"We are proud to have organized the AKSC '16 from UIT's powerful platform," said Hasham. "At the Usman Institute of Technology, we not only aim for academic excellence, but also provide students and academics with opportunities to engage in activities that promote innovation, technology, and a healthy competition in the country. I thank all participants for being here today and making the AKSC '16 a huge success," he added.
